OmniPixel2™ Sensor
1/3" OV7949 CMOS
510 x 496 resolution
420 TV Lines, 0.1 LUX
70 degree view angle

OmniVision OmniPixel2™ OV7949 CMOS sensors are designed specifically for the automotive industry and can compete head-to-head with the competitive CCD market. The OV7949 image sensor is a high performance video camera with a small footprint and low power consumption. The OV7949 excels in low light conditions and can operate within a wide temperature range from -20C to +70C.
